DISTRICT DIRECTOR REPORT

Audrey Palumbo

apalumbo@bex.net

One of the greatest events of the September 24, 2022 District Rose Show and Meeting was that Elton and Ann Smith have recovered enough from their cancer treatments that they were able to attend for a short period of time and enter the photographic and arrangements competition. Also amazing was that John and Sue Dickman, our nonagenarians, were not only our greeters but John also took the meeting minutes for Elton and Sue wrote the winners names on all the show certificates. Wow, What dedication! Thank you, Sue, John, Elton, and Ann

Many thanks to every member of the show Team: Brian Burley, Show Chairman, Gary Barlow and Terri Lady, Arrangements Schedule, Jim Hering, Horticulture Schedule, Elton Smith, Photography Schedule, Jim and Anne Hering, Trophies and Registration, Mark Miller, Properties, and to Lisa Joos, who worked the entire day compiling all the statistics. We also need to thank to the 11 judges and give a special thanks to all who set up, and cleaned up.

24 District members, 12 district judges plus two arrangements from Indiana, participated in this District show. We have a lot more rosarians who are members of our local societies in the Buckeye District.

It is quite obvious that we need to increase the numbers of exhibitors and rosarians who attend the district meetings and shows My plan is to contact all our societies and clubs this winter and ask what we can do to get their members to come to the district meetings.

It seems to me that we might try something that is of interest to the members of the local societies who are intimidated by the “experienced exhibitors” and/or the 75% of people who buy roses that are NOT hybrid teas, floribundas, grandiflorias, or minis. but are the new fragrant, disease resistant shrubs.

One possibility is to include a Holiday Table setting arrangement class that might include Easter, Fourth of July, Thanksgiving, Christmas, etc themes using shrub or any combination of rose types.

It was suggested that we might be able to increase the number of people who attend the District Rose Show in the Cleveland area because there are more rose societies there than anywhere else in the State of Ohio. I called Jeff Sommer and Corky Thacker to ask if they would be interested in hosting a District show in their area. Jeff replied that they do not have the manpower to do it.

Would it be possible to put together a show committee in the NE region of Ohio?

Increasing participation in the local and district societies is a national issue. Dave Starner, the District First VP recently sent out the following.

Hello

I represent the Buckeye District as a member of the Local Rose Society Advisory Committee, (LRSAC) a committee of past and current presidents of local rose societies from across the country supported by the American Rose Society. A goal of the committee has been to share ideas with local societies to increase Membership, offer Leadership ideas, Fundraising ideas and Programs suggestions that have been used.

To learn more, the attached flyer is being sent to the Presidents of the societies across the U.S. to invite

you to a meeting on Saturday, December 10, 2022, from 12:00 noon to 1:30 PM (Eastern) on Zoom.

If you will not be the President of your society in 2023, please pass this invitation on to your President Elect. We hope you will both join us on December 10.

If you have questions or comments let me know.

Thanks,

Dave Starner David Starner <dstarner@nktelco.net>
Buckeye District Local Rose Society Advisory Committee Member

Getting more rosarians to exhibit and Increasing membership are just 2 of the local and national issues that the ARS has assigned to committees.

The President of the ARS and the Staff at Americas' Garden are working to take ARS digital. That includes programs on the rose that may be used during local meeting, taking the CR program and Judging schools digital and much more.

They are also working hard to reduce a projected \$100,000 budget shortfall. The member who has given \$50,000 dollars annually in recent years to the garden did not make that contribution this year. An Events Coordinator has been hired and she has increased the numbers of weddings but has not had enough time to contract for enough events to offset the shortfall.

There is also research being done to learn which companion plants in the rose gardens in order to have continuous color throughout the summer so there will be more color for wedding photographs.

An anonymous doner contributed \$350,000 to the gardens on the condition a pavilion with brick facade and pillions and a concrete floor be built to provide an area for more outside events. The cost of the planned pavilion with bathrooms are being drawn up by a local architect.

A Time for Roses is the name of the National Convention scheduled for May 5-7, 2023 in Shreveport.

The Buckeye District Spring Meeting is scheduled for April 15, 2023 at Waldo.

The American Rose Society

Buckeye District Fall Meeting and Rose Show, Saturday September 24, 2022

All-Occasions Catering, Waldo, OH

District Director Audrey Palumbo called the business meeting to order at 1:30 pm. Dr. Jim Hering asked the attendees for names of Buckeye District members of their local societies and clubs who had passed away since our last meeting in April. A moment of silence was observed to honor these members: David Jackson and Paul Gibson.

Director Palumbo asked for an update on the health status of Elton and Ann Smith. Both are showing great progress. In fact, today Elton has entered several arrangement, horticulture, and photography classes. We look for both Elton and Ann to return to a normal healthy status in the very near future.

Acting Secretary John Dickman called the roll of District societies and clubs. Of the 14, only Ashtabula County Rose Society was not represented.

Secretary's Report

Elton Smith's minutes of the Spring meeting in April 2022 were published in the Spring edition of the *Buckeye Rose Bulletin*. Upon receiving no changes, additions, or deletions the reading of the minutes was suspended and they were accepted as written and published.

Treasurer's Report

Treasurer Cheryl Menard reported the following summary as of September 24, 2022:

PNC Checking Account Balance	\$3,067.30
Merrill Lynch Endowment Fund	<u>\$91,590.90</u>
Total Resources	\$94,658.20

The detailed report was handed out to the membership present, who voted to approve the report.

President's Summary

In an item titled President's Summary, President Chris Brogan spoke of the Buckeye District website. The address is www.rosegrowandshow.com or [.org](http://www.rosegrowandshow.org). We own both and both will lead to the website. The question was raised regarding the fate of an older version. There is useful information that would be useful if it could be merged with the newer version. More effort should be expended to encourage use of the website.

Committee Chair Reports

Buckeye Rose Bulletin

Editor Mark Miller urged all contributors to get their material for publication to him by October 20th.

Consulting Rosarian

Ann Wise Schlinkert has accepted the position of chairperson for the Consulting Rosarian committee. Being new to her position, there is no report at this time.

District Rose Show

Brian Burley, show chairman, reports a very successful rose show in the making as we speak.

Historian

Historian Susan Courter had no report at this time, but is actively seeking information to update the historical record of the Buckeye District.

Judges

Jim Hering, chairman of horticulture judging, reports that although a judging school has not been held recently, he is prepared to hold one if interest is shown. New judges are always needed. On a related issue, he asked that if anyone knows of an emeritus or emerita judge who has passed away, he would like to know to update the Emeriti Judges list.

OLD & NEW BUSINESS

TOP GUN 2022 and 2023

Top Gun 2022 was canceled owing to the contracting of Coved-19 by the scheduled speaker, Dr. Satish Prabu. Present plans are to resume Top Gun in 2023, perhaps with Dr, Prabu as featured speaker.

Roses In Review (RIR)

Rosarians are urged to participate in the RIR program. Online participation is easy and fast. Details are in the *American Rose* magazine. Even if you do not grow any of the listed cultivars, you are urged to check the box provided for that circumstance.

ARS National Convention

There will be a convention, May 4 to 6, 2023 in Shreveport.

ARS Gardens

The Buckeye Garden, at the entrance to ARS headquarters in Shreveport, was an eye-catching rose garden, but has fallen on hard times and is in need of serious renovation upgrade. Some 250 roses must be re-planted in 10 beds. Donations from such nurseries as Weeks will be sought. The plantings will contain companion plants. Donations are accepted and be sure to indicate the donation is for the Buckeye Garden.

Bronze Medal

Local societies are urged to make use of the Bronze Medal to reward good work of rosarians promoting the rose. The District can supply the medal and accompanying certificate.

Prizes and Awards

This year's recipients:

Silver Honor Medal: Cheryl Menard

Outstanding Judge: Larry Schock

Outstanding Consulting Rosarian: Marian Wyman

The meeting was adjourned at 3:00 pm.

Respectfully Submitted

John T. Dickman, Acting Secretary du jour

PRIZES AND AWARDS COMMITTEE REPORT

By JimHering, Chairman

CHERYL MENARD is the 2022 Buckeye District Silver Honor Medal recipient.

Cheryl is currently the Buckeye District Treasurer as well as Buckeye District Chairperson of Roses in Review and has served as District President in the past. She is a member of Toledo Rose Society and has held all of that society's offices. For many years Cheryl has been the supervisor and an evaluator of the ARS Award of Excellence Trial Garden at the Toledo Botanical Gardens. She served on the organizing committee for Top Gun in the Toledo area three times and has coordinated a Buckeye District Consulting Rosarian School in Toledo. Cheryl is an avid and talented arrangement and horticulture exhibitor on local, district and national levels.

Cheryl was selected as the recipient of the Silver Honor Medal by the Prizes and Awards Committee which consists of a representative from each of the 14 local rose societies in the Buckeye District, and the award was announced at the Buckeye District Conference in Waldo on September 24th. **CONGRATULATIONS CHERYL!**

 513 550-7667

Buckeye Fall Bulletin Article 2022.

Thoughts from your outgoing Buckeye District President.

Saturday, September 24th was my last day as Buckeye District President. I have to say the major take aways were the chance to rub shoulders with some of the best rosarians and arrangers in the district, and to pick up friends that I wouldn't have got to know as well. When you are an Officer, you make extra effort to attend both the Spring and fall meetings. At the risk of offending my Cincinnati rosarians, the size, variety, and quality of roses exhibited "up there" is truly better, at this last show I observed the huge buckets of roses being taken home by those that wanted them, and the overall view of those roses was breathtaking. Now I realize this is a district event with roses from many rose societies, but still, they are bigger and much more plentiful. Why I ask myself? I intend to try and find out and see if you guys up there can teach and share what makes the difference with us guys down here. Is it the weather, the soil, fertilizer application, pesticide use, rootstock? I will be making a call to some of you and taking notes.

Since I was President and been an active member of both the District and GCRA, the comparisons, I mention above is inevitable. The arrangements are more similar in that they both are of a high quality in design particularly in the freestyle and oriental classes. The traditional classes, due the rose quality, is probably more visually attractive at the district events. Organizationally, the two events are similar although Cincinnati's number of classes has been pruned down significantly compared to the large number of classes at the district. Both events run smoothly thanks to fabulous organizers (Special mention to Brian Burley who is both smart and organized). My intention is to add an Arrangement section to the rosesgrowandshow.com website after getting prices and permission.

The apprenticeship judging experience, which consisted of 5 shows, was great fun and at each show with a different judge I learned so much. Different judges had different styles, but all were very detailed and took the time to ask me and teach me what to look for and various methods to spot the winners. The court selections are obviously the most time consuming and definitely took their toll physically on some judges. Especially when you must pick Queen, King, Princess, and Prince. Round and round we go and that sore spot on your body begins to hurt more. The reasons we do this is critical to rewarding that special exhibitor who deserves his moment in the sun and to reward those special roses and their owners their just reward. It would be a good idea to think about this process and see if we can reduce the time to pick.

I wish the Buckeye Officers the best going forward and wish to thank Audrey and Jim particularly for their guidance and enthusiasm in supporting the rest of us to be our best. Also, it was special to see Elton and Ann Smith at the event after the worst of illnesses. Obviously, they both thought this was an event to warm the cockles of their hearts (An old English phrase. I'm sure that's a good thing). Maybe two of the best arrangers in the country. I wish them well.

Chris Brogan – Master Rosarian & GCRA President 2022.

THE PURPOSES

of the Buckeye District of the
 American Rose Society are to:

- EDUCATE**
 Educate the membership and the public in the most up-to-date horticultural methods of rose growing
- SUPPORT**
 Support the American Rose Society in its work as a conservation, preservation and research organization dedicated to roses
- ENCOURAGE**
 Encourage membership in the local Rose Societies and the American Rose Society as dedicated to rose horticulture and its purpose to aid amateur, expert and hobbyists in growing roses

Welcome

EXHIBITOR'S ROSE CULTURE - MY WAY – Jim Hering

I was asked to briefly outline what I consider to be important elements of rose culture in a mid-western garden to produce roses suitable for exhibition.

ROSE PLANTS – GRAFTED VS OWN ROOT

I prefer grafted or budded plants for large flowered roses because they become productive plants much quicker than own root plants. The most popular root stock in the Mid-West is multiflora. Fortuniana absorbs more nutrients and generally produces more blooms, but it is very winter tender, so I prefer multiflora. Miniatures and minifloras are usually on their own roots which makes them very winter hardy.

SOIL AND WATER

I prefer a sandy-loam soil which makes planting easy and promotes more extensive root systems. My beds contain a very low percentage of clay which results good drainage but poor water retention and necessitates frequent watering. The most important factor is the pH of the soil – ideally it should be between 6 and 6.5. Check the pH with a soil sample or a pH meter and add lime if it is too low or sulfur if too high. I water every day with an automatic irrigation system except when it rains. Roses like rain best.

FERTILIZATION (roses are heavy feeders!)

I love to use organic fertilizers, and I start with them in the spring as soon as I remove winter protection. I use Mills Magic Rose Mix which contains alfalfa meal, bone meal, cottonseed meal, blood meal, feather meal and fermented citrus rinds, two cups around each large flowered plant and one cup around each mini/miniflora. It's important to start early in the spring even though the soil is still not warm because it takes time for bacteria to convert organics to compounds that can be absorbed by the plants.

When the plants begin to leaf-out, I begin using balanced granular garden fertilizer (not sustained release) (eg. 12-12-12), about $\frac{3}{4}$ cup per large flowered plant and $\frac{1}{4}$ cup per mini/miniflora once per month. I rarely use sustained release fertilizer (unless some is on sale at a great price) because its life span depends upon climatic conditions – temperature and rainfall, and I don't know how long it will last. I make sure that the plants get plenty of water so that the nitrogen doesn't burn the foliage.

I'm a great believer in alfalfa tea which I apply at least every month during the growing season. I put 12 cups of alfalfa pellets in an old pillow case, tie the open end, making a large "tea bag" and place the alfalfa bag in a 32 gallon garbage can of water. It steeps for 2-3 days and then is ready to apply to the plants, about one gallon per large flowered plant, using a sump pump and garden hose. When I make the "tea", I add two cups of Miracle Gro to each 32 gallons and every other month two cups of Epsom salt (magnesium sulfate). An alfalfa "tea bag" can be used for a second barrel of alfalfa tea. Alfalfa contains triacontanol which promotes long stems and basal breaks.

At least twice each summer I will fertilize two weeks after alfalfa tea with fish emulsion/kelp 2 cups, either Protitizer or Microbe Remedy (both with beneficial microbes and microrizae fungi) and soluble fertilizer such as Monty's Joy Juice in 32 gallons water, one gallon per bush by sump pump to each bush.

SPRAY PROGRAM (Atomist electric sprayer – I like it because it puts out a very fine spray, droplets averaging 20 microns in size, and less chemicals are used. I spray 1000 roses with 4 gallons of spray mixture. The only problems are that the sprayer contains 2 gallons of spray which is heavy to carry over your shoulder and dragging an electric cord around the garden is a nuisance.)

Insecticides – I use insecticides only when there is a specific indication. Safari (Dinotefuran) 1 teaspoon is spread around each bush the last week in April to kill midge grubs. Late in July I apply a soil drench of Cyonara (Lambda cyhalothrin) as a second preventive treatment for midge. In late summer I spritz just the buds with Orthene as they are beginning to show color to prevent thrip damage. When Japanese beetles are prevalent, I spray once or twice with Sevin. I use miticides (Avid or Floramite or Forbid or Shuttle) (Floramite and Forbid are also ovicides) only in the severe heat of summer when spider mites are suspected

Fungicides are sprayed for black spot and powdery mildew prevention every seven days from late April until the first hard frost, which is usually in mid-October. A surface agent and a systemic are used together every week, alternating propiconazole (systemic) and mancozeb (surface) with trifloxystrobin or azoxystrobin (systemic) and chlorothalonil (surface) to prevent resistance of fungi to the chemicals. Starting just this year I have added either Alliette, Subdue or Junction (mancozeb + copper) to the spray each week because of a severe, devastating infestation with downy mildew last year.

RECOMMENDATION – If you intend to grow bushes for exhibition and fertilize frequently, avoid the mistake I made. Don't plant bushes too close together because the plants grow large and this prevents air circulation which facilitates black spot in spite of frequent spraying. My bushes are planted on 24 inch centers which is much too close. I recommend at least 36 inch centers (36 inches apart).

GROW ROSES AND SHOW THEM!

Call for Nominations for “Miniature and Miniflora Rose Hall of Fame”

Dr. Jim Hering, Chairman

ARS Miniature/Miniflora Rose Committee

The ARS Miniature and Miniflora Rose Hall of Fame honors miniature and miniflora roses that have stood the test of time in commerce for at least 20 years. Now, it is your opportunity to participate in this process by sending in your nomination(s), (five or less). A short list of the most popular miniature and miniflora roses that are 20 years or older can be found at the end of this article. Criteria for the Hall of Fame can be summarized as follows:

1. The variety must have been introduced at least 20 years prior to the year the award is given. Introduction date will be verified by the latest edition of *Modern Roses*.

2. There can be multiple winners in any year.

3. Varieties for consideration are solicited from the general membership through an announcement in the *American Rose* magazine, on the ARS web-site, and in district and local bulletins. Nominations are to be sent by May 1, 2023 to:

Dr. Jim Hering, rosehering@roadrunner.com

1050 Kingwood Drive, Marion, OH 43302

4. The Chairman of the Miniature/Miniflora Rose Committee will prepare the tabulations for selection by the full committee by ballot.

5. Formal announcement of the winner(s) will appear in *American Rose*.

PREVIOUS WINNERS

ELECTED IN 1999

Starina, 1964, Meilland

Beauty Secret, 1972, Moore

Magic Carousel, 1972, Moore

Rise'n'Shine, 1977, Moore

Peter Cottontail	Rocky Top	San Francisco Sunset	Sierra's Smile	Sublime
Summer Night	Tammy Darlene	The Governor	Valentine's Day	Whoop De Doo
Year 2000	Yellow Bird	Yellow Sunblaze		

Consulting Rosarians Notes

Ann Schlinkert, CR
 Buckeye District Chair
anntwise@gmail.com
 513-403-4706

Congratulations

We wish to congratulate Marian Wyman, of Stark Rose Society. Marian lives in Dover, Ohio. At the September 24, 2022 Buckeye District Meeting, it was announced that Marian received the “Outstanding Consulting Rosarian Award” from the Buckeye District for 2022. Marian was recognized for her continuous service as a Consulting Rosarian which she attained in 1984. It is important to note that Marian became a Master Rosarian in 2007 and has served many important roles for rose growers and showers.

Please see Jim Hering’s piece on “Prizes and Awards” in this news bulletin as he also congratulates Marian. The Metal and Certificate were not available at the 2022 Fall Buckeye Meeting and therefore Marian will receive them at the 2023 Spring Buckeye Meeting. Thank You, Marian!

National CR Meeting

On October 6, 2022 the National Chairs for CRs, Mike and Anita Ecklely, conducted a meeting for all District CR Chairs. The agenda focused on the ARS goal of providing videos on the web. The topics will center on growing roses, showing roses and arrangements, and photography of roses. The attendees offered critiques of thirteen U Tube videos. For the Buckeye District, Jim Hering, Chris Brogan, and David Starner viewed the videos and I submitted their comments to national. Much discussion resulted in supporting the ARS goal of providing the videos. To be included in the videos the following dimensions were discussed: ARS and Local Societies noted; Science and Best Practice; Zone and Location; Status of the Author such as CR or MR.

CR Classes 2023

Consulting Rosarian School will be held on two Saturdays in 2023. The classes will be four hours in length. This new model will require two Saturdays rather than four Saturdays. The line-up at this time:

February 4, 2023

Diane Sommers-Ethics
 Dave Ingram-Soil and Water
 Craig Dorschel-Chemical Safety

February 11, 2023

Art Wade-Fertilizer
 Baldo Villegas-Bugs and Diseases

Master Rosarian Status

In May 2023, I will call for Nominations to attain MR Status.

Buckeye Judges' Corner

Dr. James Hering
rosehering@roadrunner.com
 740-361-0229

LARRY SCHOCK – received the **2022 Buckeye District Outstanding Judge Award** at the Buckeye District Conference in Waldo on September 24th. Larry was the Buckeye District Director from 2012-2015 and then served as the Treasurer of the American Rose Society. Larry has been an Accredited Horticulture Judge for many years, has served on the faculty of judging seminars and a school and is an outstanding horticulture exhibitor and Consulting Rosarian. Congratulations Larry!

MARIAN WYMAN – received the **2022 Buckeye District Outstanding Consulting Rosarian Award** at the District Conference in Waldo on September 24th. Marian has been an active CR for many years and is currently an Apprentice Horticulture Judge who is nearing completion of her apprenticeship. Congratulations Marian!

EMERITUS JUDGES - At the recent District Business Meeting I mentioned that I have lost touch with many of our district Emeritus Judges. Peter Schneider did some research for me and found that four have passed ad astra in the past nine years: Tren Meyer in 2013, Betty Packard in 2015, Dorothy Laughlin in 2016 and William Cashbaugh in 2018. Thank you Peter.

2022 DISTRICT ROSE SHOW – Judges who judged this year's district rose show were assigned to judge either large flowered entries or miniature/miniflora entries. They were encouraged to enter miniature/miniflora classes if they were judging large roses and, conversely, to enter large rose classes if they were judging minis/minifls. The purpose was to have more roses in the show and to give judges an opportunity to exhibit since there are fewer rose shows. Classes were won by seven judges who were judging the show and classes were won by seven judges who were not judging. The show was successful, but more entries would make it even better. We will continue to encourage more of our members to exhibit which is one of the reasons that we will continue to have Top Gun meetings.

BARE ROOT ROSES FOR SPRING – Oakland Nursery in Columbus has again offered pre-ordering of Weeks bare root roses at wholesale prices for spring delivery to the Columbus Rose Club and the Buckeye District. The following varieties have been ordered: Double Delight, Let Freedom Ring, Moonstone, St. Patrick, Sexy Remy, Touch of Class, Frida Kahlo, Marilyn Monroe and Veterans Honor. The first six are \$13.65 each, and the last three are \$16.25 each. Please contact me by email to place an order, and they can be paid and picked up at the Buckeye District Spring Meeting in Waldo on April 15, 2023.

MARIAN WYMAN – received the 2022 Buckeye District Outstanding Consulting Rosarian Award. Presented by Dr. Jim Hering

LARRY SCHOCK – received the 2022 Buckeye District Outstanding Judge Award.

**THE AMERICAN ROSE SOCIETY
JUDGES RESIDING IN THE BUCKEYE DISTRICT**

As of October 10, 2022

American Rose Society

The American Rose Society exists to promote the culture and appreciation of the rose, through education and research to members, to local rose societies and their members, and to the public.

<http://www.rose.org/>

Join or renew your membership

<https://www.rose.org/join-renew>

Our History

Founded in 1892, the American Rose Society is the oldest single plant horticultural society in America. The ARS is an educational, nonprofit organization dedicated exclusively to the cultivation and enjoyment of roses. ARS supports its members by providing educational programs, resourceful publications, and continuing research. We have more than 300 affiliated rose societies in our national network.

Most ARS members are home gardeners like you who enjoy growing roses and want to expand their knowledge of rose culture. Many members also enjoy the thrill of exhibiting their roses in competition with other rose-lovers or participating in photography contests and other rose-related activities. The American Rose Society has developed standards and guidelines for judging these competitions. We also publish a schedule of the various workshops, seminars, garden events and rose shows across the United States. The Society publishes an award-winning bi-monthly magazine, *American Rose*, which is devoted exclusively to roses and rose culture.

ARS is headquartered on the grounds of the beautiful American Rose Center near Shreveport, Louisiana. The American Rose Center features more than 20,000 rose bushes that comprise nearly 400 cultivars of modern and old garden roses.

ARS is a 501(c)(3) nonprofit educational organization governed by a volunteer Board of Directors and operated by the staff under the direction of our Executive Director and Executive Committee. All donations are tax deductible, as allowed by law.

Mission Statement

The American Rose Society exists to promote the culture and appreciation of the rose, through education and research, to members, to local rose societies and their members, and to the public.

Vision Statement

The rose is America's national Floral Emblem. We aspire to be the nation's best source for information, research and education about the rose for our members and for the general public. We will share this information through a website, a national network of Consulting Rosarians, and rose shows and non-competitive rose exhibitions open to the general public.
